It has been a pleasure working with you Christopher. I wish you all the luck at your new job, and your future advancements. I remember the IOP group you facilitated, when I first started working here at Sunrise. Guided meditation, enjoyed it and we have used it a few times since. Thanks Christopher

Good luck

Dear Christopher,
You made my time at Forest Park exciting, informative and welcoming. I was very glad to have met you. I am excited to hear that you were given an excellent opportunity to further build yourself. I encourage you to explore all areas of interest and to challenge your clinical skills to change the world! I know our worlds will intersect again.
